LASH LIFT*

Curvy eyelashes are an obvious beauty choice. And yet, the aesthetic is hard to achieve. Enter the lash lift, otherwise known as a “perm” for poker-straight lashes, which creates the closest thing to a full-bodied, perfectly fanned-out curl. As its moniker suggests, this semi-permanent treatment is the equivalent of a facelift for lash hair. An eye lash tint is also included in this treatment.

Results last between 4 and 12 weeks.

EYEBROW LAMINATION*

Brow lamination is a new, innovative beauty treatment that continues to grow in popularity, recreating the trending look of thick, bushy brows. Brow Lamination is great for those who love a “brushed-up” look but can’t seem to tame their brow hair due to it being too straight or fine. An eyebrow tint is also included in this treatment.

Results last up to 8 weeks.

*Please note a free patch test is required 24 hours before the treatment appointment.
